

SEEM**C**

SEEMC

Global Resources. Innovative Solutions. Passionate Service.

Creative Integrator

SEEMAC:

A diversified wood products sales and
inventory management company
serving the nation's industrial and building
materials markets.

Problem-Solver

SEEMAC

is a global trading company,
with supply chain
partners around
the world.

Our industry is changing as customers' needs evolve.

Customers are:

- Becoming assemblers rather than manufacturers
- Outsourcing not only products but value-added services

SEEMAC is on the leading edge of this trend.

- Developing primary and secondary suppliers
- Domestically and internationally
- With value-added capabilities to serve our customers better

SEEMAC sources the highest quality wood products, including semi- and fully finished parts and components from reliable suppliers worldwide.

The logo for SEEMAC is located on the left side of the slide. It features the word "SEEMAC" in a large, white, serif font, with the letters "S", "E", "E", and "M" stacked vertically. To the right of the letters "E", "E", and "M" is a stylized graphic of a tree or a cluster of branches, also in white. The background of the slide is a light yellow with a faint, circular grid pattern.

SEEMAC is a leader in the sales and inventory management of a broad-spectrum portfolio of wood products, including:

- Composite panel products
- Hardwood & softwood plywood & OSB
- Furniture & cabinet components
- Hardwood lumber & dimensions
- Moulding & millwork products

The logo for SEEMAC is located on the left side of the slide. It features the word "SEEMAC" in a large, white, serif font, with the letters stacked vertically. To the right of the text is a stylized graphic of a globe with latitude and longitude lines, and a small icon of a hand holding a pencil.

No other company matches SEEMAC's value-added services.

We do it all – *and we do it all better.*

- Extensive range of high-quality products
- Strategic alliances with laminators, fabricators, finishers, and warehouse and logistics providers
- Worldwide network of suppliers
- Vendor/customer compatibility
- Supply chain management
- Local warehousing/JIT delivery
- Inventory management
- Competitive pricing
- Can serve as your sales force or compliment your existing team

SEEMAC is so much more than a distributor. We are wood experts, problems solvers and solutions providers.

1. We put, at your disposal:

- A network of global resources
- Strategic alliances with value-added suppliers

2. We search the globe to identify and develop:

- Qualified Mills –
Initial qualification – on-site visits
Ongoing quality assurance audits
- Qualified Service Partners –
Every laminator, fabricator, finisher,
warehouse and logistics provider is
qualified and audited regularly.

3. We provide products plus...

- We also provide services, inventory management, and integrated solutions that meet your needs and exceed your expectations

- # SEEMAC
4. We put the right customers and vendors together.
 - Our knowledge, experience and reputation allow us to understand customer needs and vendor capabilities better than any other company.
 5. The products you need, at a competitive price.
 - SEEMAC's financial strength means high profitability for you. We purchase products from our suppliers as soon as they are shipped, warehouse them until customers need them, and invoice customers only as they use the product.

6. “Virtual” Warehousing

- Inventory stored on consignment at customer’s facilities or in public warehouses close to customer’s plants
- No owned or leased warehouses, fork lifts or trucks
- No brick and mortar keeps costs down
- Inventory stored in warehouse typically to serve one particular customer

7. We put all the pieces together for you.

- We handle all your logistics needs from our global network of suppliers to your docks – ocean freight; container shipping and stripping; rail, truck and intermodal shipments; warehousing; and delivery – we take care of it all!

8. The right part, at our fingertips.

- Our inventory management services ensure you have an uninterrupted supply of products.

9. Improve Your Bottom Line.

- Inventory investment is substantial. SEEMAC can improve your cash flow and reduce your financial risk and exposure by:
 - Financing your inventory
 - Taking financial responsibility and risk off your balance sheet
 - Billing products – even international ones – when we deliver them

10. We're your one-stop shop.

- Our broad range of products and services reduces the number of suppliers you need.

11. We're there before, during and after the sale.

- With responsive and experienced sales and customer service teams.
